

FUCHS CONSULT

Welcome

FUCHS CONSULT is a well established advisory firm, specialising in mergers and acquisitions. Our clients are usually entrepreneurs, owners or shareholders of privately owned German companies whom we assist in selling their operation. Since its founding in 1990, FUCHS CONSULT has worked successfully on a large number of mainly crossborder transactions. We also work for international companies seeking a foothold in Germany or broadening their German base by acquisitions or regarding the divestment of their German subsidiaries.

Our advice is independent. We are committed exclusively to our clients.
